FOREWORD

"It's better to look ahead and prepare than to look back and despair."

--Anonymous

The most satisfactory demonstration of mature thinking in today's youth is their attitude toward the value of education. Mature thinking youth recognize education as a barometer of an exciting and productive future. The major task of today's educators is to stimulate mature and critical thinking and to influence favorable attitudes in our youth toward education as an essential and viable tool in securing and maintaining a comfortable and progressive life style.

As our youth mature and "get it all together in their mind" -- hopefully, their attitude toward education will reflect this maturity, manifesting positive self-concepts and inquisitive, ambitious and determined minds. At best, their attitude will reflect their awareness that education is essential in becoming adequately equipped to function in our highly technical society and becoming thoroughly prepared to meet and cope with the challenges which constantly confront its constituency.

Mature thinking youth will consistently remember that "the measure of one's usefulness is largely determined by the measure of one's education."

DEDICATION

Mothers . . . Moulders of men, who have defied the hurricanes of life for us, who have gone quietly about their daily tasks without complaint, who have ministered to our needs and given us aid -- all of this exemplified in those aging wrinkles that have been wrought by courage, love, sorrow, laughter, and tears.

Those folded hands which have

cared for us, worked, that we might accomplish our goals and education -- so that we might live our lives successfully.

For this we thank you, Mother . . . and with great pride and admiration, we the Class of 1972-1973 dedicate this edition of the PEN AND SCROLL to the Mothers of the Senior Class members of Seventh Avenue Junior High School.

TO OUR MOTHERS

PILLARS OF LOVE

Anthony G. Coppola, Principal

June, 1973

Dear Graduates:

Congratulations on reaching the first step on the educational ladder, the Seventh Avenue Junior High Diploma.

It signifies that you have completed the academic requirements which will permit you to pursue your education in the high school.

How well did you "Get It All Together in Your Mind?" Did you do the very best you could, or did you settle for the least that you could get by with? You can do better in high school IF, along with knowledge, you acquired a positive self-image, respect for yourself, for learning; and a realistic idea of what you can accomplish along with the willingness to work hard for a worthwhile goal.

Your parents, teachers, and counselors are ready to help you, but in the final analysis, you have got to get it together, and the sooner the better.

Your city, your country, the world is waiting for you.

Sincerely yours,
Anthony G. Coppola, Principal

Charlotte C. Fassbender, Vice Principal

To be aware of life and people you must depend upon your five senses, namely: sight, hearing, touch, smell and taste, everyone of which is connected to a special part of your brain. These senses are channels to the thinking part, the "gray" matter of your brain where the messages coming in through these channels are judged, evaluated and reacted to, that is, if you are or want to be a thinking person. Be open-minded; consider all facts and fancies, too. Really be a thinking person -- hold to the theme of your yearbook "Get It All Together in Your Mind."

On this note I wish you both success and happiness.

Charlotte C. Fassbender

Charles R. Nolley, Assistant to the Principal

"Getting it all together in your mind. . ." A terrific theme! What does it mean?

Getting it all together . . . means preparation -- mentally, physically, morally, academically, and socially. It means preparing ourselves to "cope." Preparing to cope with problems, affairs, and events that are personal, local, national, or worldwide.

Our successful graduating class has made one very significant step in this direction. My word to you, Class of '73, is to continue to "get it all together", and let the future find you prepared -- willing and ready -- to meet the challenges of an ever-changing society.

Charles R. Nolley,
Assistant to the Principal

COUNSELING STAFF

We extend our appreciation to our competent staff of counselors whose advice aided greatly in all of our major decision-making, both academic and non-academic. Pictured - Odell Sands and Michael Pescatore. Not pictured - Robert Carpiano and Ralph Brewer.

SCHOOL NURSE

Our nurse, MRS. INEZ MILLER, very diligently attends to the health needs of our student population.

OFFICE STAFF

The office staff is a vital part of our school and plays an important role in its effective operation. Pictured are Irene Perinotti, Angela George (sub), Carol Durden, and Rosemary Marzanc

TRUE REST

Rest is not quitting
The busy career;
Rest is the fitting
Of self to one's sphere.

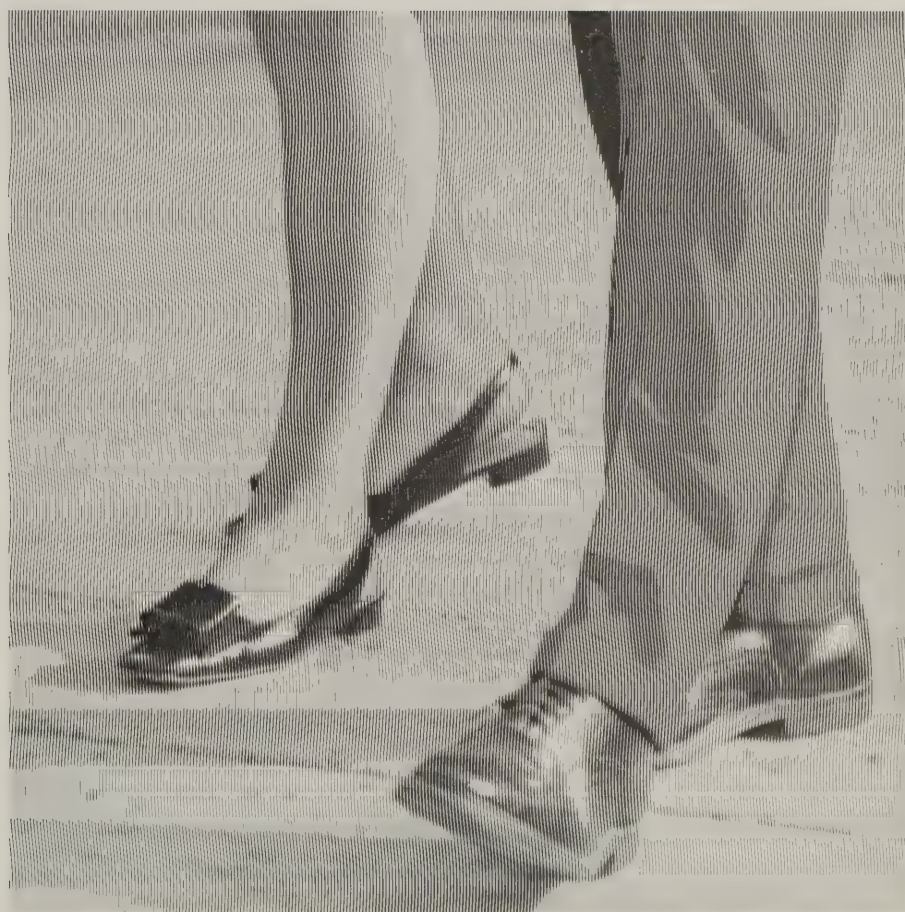

'Tis loving and serving,
The highest and best;
'Tis onward, unswerving,
And this is true rest.

-Goethe

CLASS PROPHECY

As we look into our Crystal Ball, it is now 1983. The members of the Class of 1973 are gathering for their first class reunion in the fabulous Ross Banquet Room of the Mobley Hotel on the strip of Los Vegas built by the famous architect TONY MOBLEY. As the picture gets clearer, we see the greatest and most prominent women doctors known, GERALDINE REED and ILENE BALDWIN engaged in serious conversation with their capable assistant nurses BARBARA BROWN, SOPHIA BREEDEN, and ANNETTE McNEIL. As we look across the room, we see KEVIN THOMPSON, WAYNE JACKSON, and THOMAS HARPER--three big league baseball players towering above the assembled celebrities. We turn towards the door to see the famous models RAMONA WILLIAMS and SHIRLEY GLASS walking in. Behind them are CLAUDIA BRADSHAW and LINDA BANKS, the bravest stewardess known, flying from coast to coast on the MICHAEL WALTON Airlines. With them are JACKIE JACKSON and SHARON BATEMAN, world's greatest seamstresses, who barely made it to this affair after taking two days flying time from Dulles Airport via MLA. Looking out of the window, we have DENISE BASS, the most educated health and gym teacher. Beside her are RICKY WASHINGTON, DERRICK COTTON, and JIMMIE HARRIS, all-time basketball players. They are watching the most prominent superstar, DENISE BERNABELLA, stepping from a blue chauffeur-driven Rolls Royce. The room is becoming crowded now. Strolling up the beautiful staircase are KEVIN JOHNSON and his wife, the fantastic legal secretary, NINA BROWN. We also have a wonderful lawyer present in the person of MARCIA JOHNSON. Sitting down relaxing and taking a few notes is the fabulous medical secretary PATRICIA GRAMBY; and playing the piano is the stupendous musician, JAMES PERRY who now has his own TV show, "Hum-A-Long with Tons of Fun," featuring a special guest star, VENUS NEWTON, the all-around singer. Down the hall, coming out of the powder room is VERA GOODMAN, followed by her foster children. She has recently won the "National Foster Parent of the Year" Award. Oh! What's this! DREAMER PARR who is now an outstanding music teacher, and sitting next to her is DEBRA McCORMICK, the psychologist everyone dares to go to. GUESS who is the most genuine English teacher who in her early years had Mrs. Ross -- DORETHA WALTON, and also is now one of the top ten teachers at Harvard University along with ROBIN PEAK. In the corner, we have that steel-driven man, REUBIN COTTON, who is now an engineer; and ARVESTER HENRY and CHARLIE POMPEY, most brilliant accountants. The guests are beginning to seat themselves as they renew old friendships. Seated at Table No. 1 are MITCHELL BROWN and JOHN JONES, two famous basketball players for the Milwaukee Bucks; the famous Miami Dolphin quarterback, JOHN DIXON; and the new World's Chess Champion, ANTHONY HALL. Reminiscing at Table No. 2 are employees of the McCray's Hospital for the Mentally Ill, Nurses MARIAN McCRAY and LENORA FLOYD and Secretary DESIREE FRYE. Stopping to exchange pleasantries with them are the beautiful model LYNETT HOLLINGSHEAD, DESIREE CROOM, the famous newspaper reporter; MARGARET BYRD, a social worker; and FERNETHIA FRAZIER, the newsworthy Dietician from Frazier Caterers, Inc. The guests find their reserved tables. We spot the successful Dallas Cowboys' football player, ROBERT NELSON; the star New York Knicks basketball player, VINCENT BRADLEY; MICHAEL JOHNSON and MARSHALL CLEMONS, famous artists and owners of the Museum of Diversified Art; GREGORY LUCAS, head professor at Lucas University; and GREGORY JONES, a successful civil rights lawyer who is at present fighting a case in the Supreme Court. Another image is coming into view. It is KENNETH VALENTINE, the toastmaster of the evening. Now a financially successful comedian but still telling corny jokes. Yes, the members of the Class of 1973 are doing well and fulfilling their childhood dreams. As the guests are seated and are being served, the picture gradually fades away. We are proud that everyone has achieved their goals through hard work and self-determination.

CLUB AND ACTIVITIES

NINTH GRADE CLASS OFFICERS

President - Kevin Thompson
Vice President - Marian McCray
Secretary - Nina Brown
Treasurer - Ilene Baldwin

STUDENT COUNCIL

This organization has worked diligently to foster a close relationship between the students, parents, faculty and administration in order to solve the problems affecting the welfare of the school. The Student Council has also sponsored various faculty-student games, trips, and refreshments for our basketball team during the season. The members are well on their way in becoming well adjusted, concerned and cooperative leaders of tomorrow. Sponsor: Mr. Brewer.

CHESS CLUB

The Chess Club provides intellectual stimulation and wholesome entertainment for its members. Thinking is the name of the game. Here we see the Bobby Fishers of tomorrow. Sponsor: Mr. Brewer.

NINTH GRADE CHORUS

The Senior Chorus has been an asset to our school at large. The group has been instrumental in providing background and climatic accompaniment at many of our regular assemblies. The group as a whole highlight our school year with their outstanding performances at our much publicized Christmas Concert and Spring Concert. Directress: Miss J. Turner.

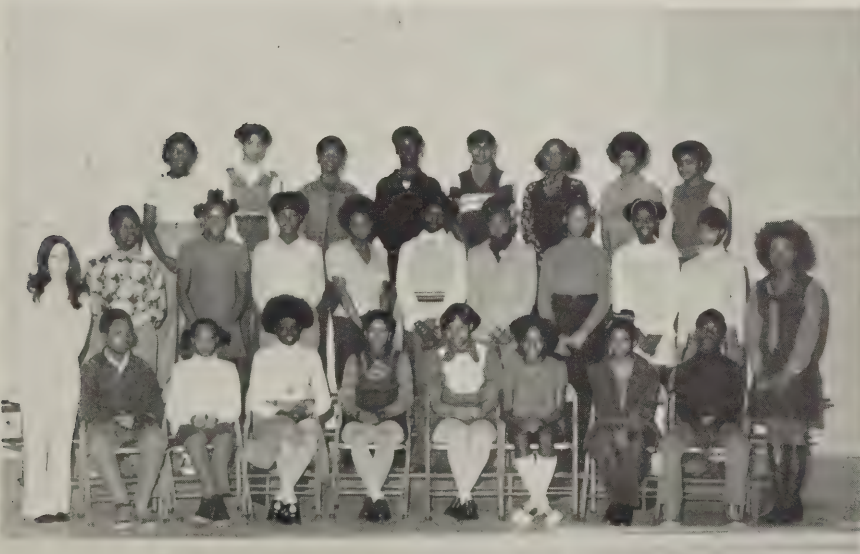

ORCHESTRA

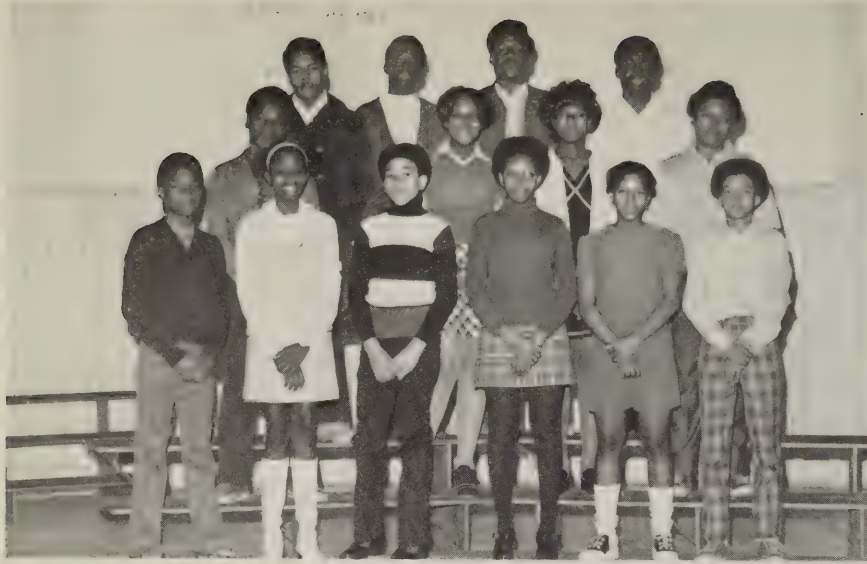

In the school Orchestra everyone is given a chance to express himself musically and learn his instrument at the same time. The orchestra provides music for our regular assemblies, Christmas program, Spring Concert, and Graduation. Once each week each student is given a lesson on his instrument in which the music for the assemblies and the concerts is studied. Director: Mr. Clark.

DRAMA CLUB

This organization, under the able sponsorship of Mrs. Wright and Mrs. McAlinden, creates in its members an appreciation of dramatics and its behind-the-scenes techniques. It also gives pupils an opportunity to display their dramatic talents and to participate actively in enjoyable dramatic productions.

SCIENCE CLUB

This club is open to all students who are interested in science projects, demonstrations, experiments and other scientific activities that are done during regular classes. Membership in this organization allows the pupils to do extended investigations beyond the limitations of regular class time. President: Wayne Jackson, Sponsor: Mrs. Huntley.

NURSES CLUB

This newly-formed organization is designed to acclimate pupils to rendering service to others. Pupils are introduced to simple first-aid procedures and are made aware of the urgent need for service oriented individuals. Advisor: Mrs. Miller.

FUTURE TEACHERS

The purpose of the Future Teachers Club is to promote interest in the field of education. All club activities are geared to implementation of its purpose. The club members aspire to foster better teacher-pupil relationship and to improve our total school environment. Sponsor: Mrs. I. G. Appling.

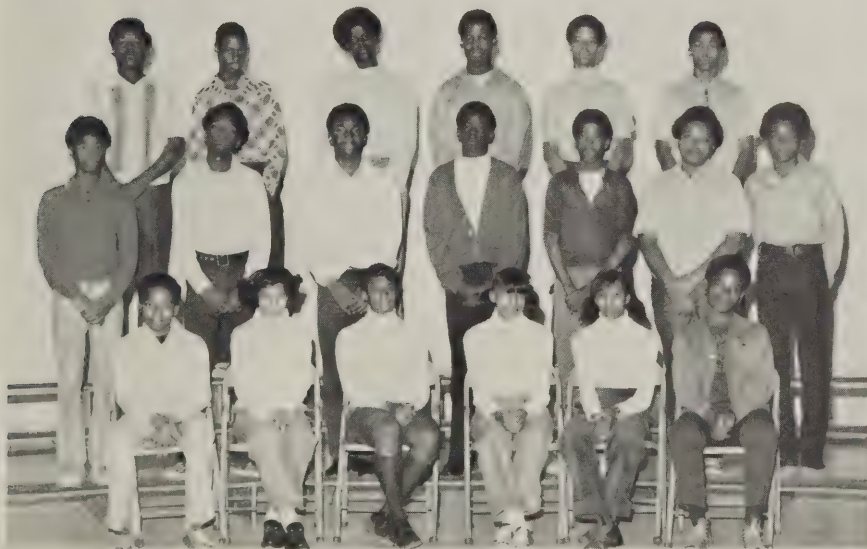

HISTORY CLUB

The purpose of this club is to promote historical research and writing and to collect and encourage the collection of historical manuscripts and materials relating to all people throughout the world. Sponsor: Mr. Rizzolo.

BLACK HISTORY CLUB

This organization explores autobiographies, biographies, and contributions of Black personalities in all walks of life. Each discovery influences further study and research in an area where happiness is uncovering facts that have much too long been obscure. Sponsor: Mr. Knight.

ATHLETIC CLUB

The Athletic Club met in the fall for informal basketball sessions and in the spring for an intramural softball league. The basic rules and fundamentals of each sport were stressed. Sponsor: Mr. Moscatiello.

LIBRARY CLUB

The club is concerned with the "behind the scene" operation of the library. As Business students, the members are interested in all related business activities in running the library. A membership drive is planned to stimulate pupils to do more reading during the summer vacation. Sponsor: Mrs. Hargrave.

THE JERSEYMAN'S CLUB

The Jerseyman's Club, a state-wide history club affiliated with the New Jersey Historical Society, provided a chance this year to explore Newark. We visited City Hall, Rutgers University, the Newark Museum, as well as Branch Brook Ice Skating Rink where many of us learned to skate. We visited the Early American Crafts Museum in Madison, New Jersey, and developed a booklet on statues in Newark.

MAJORETTE CLUB

The Majorette Club began its first season this year, and the girls have spent an hour a week every Wednesday after school. These weekly practices have left the club with about ten dedicated twirlers who will be displaying their talents at the Spring Concert. Sponsor: Miss Rellinger.

NEWSPAPER

The school newspaper provides a positive avenue of communication between the school and the community as well as among students, teachers, and administrative staff within the school. The staff pictured here has the responsibility of gathering the news, preparing it for print, and circulating the finished product to its readers. Sponsor: Mr. Cloutier.

PHOTOGRAPHY CLUB

The Photography Club's main concern is learning how to take good photographs. Learning about different types of cameras, films, and various equipment is touched upon as well as the fun aspects of photography. Students are encouraged to relate their world to photography, and to learn about the world through photography. Advisor: Mr. Valentino, President: Marcellus Darling.

THE BEN FRANKLIN CLUB

In the Ben Franklin Club the boys learn first-hand mechanical and hand operations for type setting and other operations pertaining to the printing trade. They are taught the value of printing, our most widely used means of communication today, as it relates to our everyday life. Sponsor: Mr. Gawenus.

CHEERLEADERS

This group is an integral part of the school environment. Besides supplying moral support as they cheer our team to victory, this appropriately dressed, agile group initiates school spirit and keeps the spectators excited and enthusiastic whether our team wins or loses.

Sponsors: Mrs. Petersen, Mrs. Mack.

GYMNASTICS

Gymnastics is a basic activity that teaches skills of running, jumping, throwing and controlling the body that are used in all other sports and in the activities of daily living.

Sponsor: Mr. Pastuck.

LEADERS CLUB

Leadership is an important aspect of the Physical Education program. The members of this club get a real feeling of accomplishment. They have something to show for the efforts--something that will be remembered by emphasizing conditioning, spotting, progression in routines, developing confidence, organizing and supervising squads, and experiencing methods of teaching and grading.

Advisor: Mr. Pastuck.

BASKETBALL TEAM pictured above.

Cheering them on to victory are the CHEERLEADERS below.

LAST WILL AND TESTAMENT

Being of sound mind, memory, and understanding, we, the Graduating Class of nineteen hundred and seventy-three bequeath this legacy to those we leave behind.

To the ADMINISTRATORS: We leave a new set of Ninth Graders to be moulded for posterity.

To MR. NOLLEY: We leave fewer students to suspend.

To MR. RYAN: We leave a sound-proof room.

To MRS. ANDERSON: We leave the latest styled Afro wig.

To MR. MOSCATIELLO: We leave a pair of "give and take" slacks.

To MISS GOODALL: We leave a V. B. f. B.

To MR. KNIGHT: We leave a supply of truth pills.

To MRS. ROSS: We leave a new pair of slippers.

To MR. LUCAS: We leave a Schick razor.

To MR. CLARK: We leave students who can compete with the New York Symphony Orchestra.

To MRS. HARGRAVE: We leave no more "Adult Education Business Classes."

To MRS. PETERSEN: We leave a life-long rechargeable battery to keep those staring eyes staring.

To MR. MARZARELLA: We leave an automatic duster for his trousers.

To MRS. JEFFERSON: We leave all missing library books.

To MR. SELBY: We leave a book entitled "How to Play Basketball."

To MRS. MACK: We leave a pair of gym pants which come below the ankles.

To MR. GAWENUS: We leave new lithographic machines.

To MISS TURNER: We leave a ninth grade chorus that will make it to Carnegie Hall.

To MRS. McALINDEN: We leave a book entitled "How to Gain Weight Without Eating Meat."

To MISS HENTZ: We leave a class of Picasso.

To MR. CLOUTIER: We leave a robot to track down students who cut.

To MR. BELL: We leave a fashion magazine which would help him keep up with the latest styles.

To MR. DENBLEYKER: We leave a pair of converse sneakers.

To MR. BREWER: We leave a Counselors Book on "How to Counsel Counselees."

To the FEMALE FACULTY MEMBERS: We leave a rule book entitled "How to Play Volleyball."

To the SEVENTH AND EIGHTH GRADERS: We leave our art of being responsible.

James Pearson
